

CAPABILITY STATEMENT

COMPANY OVERVIEW

Ghada Denchfield LLC is a woman-owned, minority-owned, licensed General Contractor headquartered in Northern Virginia, serving federal, state, and local agencies as well as commercial and institutional clients across Virginia, Maryland, and Washington, D.C. Founded and led by Ghada Al Hafidh, the firm delivers construction, electrical, HVAC, remodeling, and facility improvement services with quality craftsmanship, transparent communication, and on-time completion — while minimizing disruption to ongoing facility operations.

CORE COMPETENCIES

- **General Contracting** – full project management from planning through closeout
- **Construction Services** – new construction, additions, renovations, commercial build-outs, tenant improvements, structural work
- **Electrical** – licensed installation, panel upgrades, troubleshooting, interior/exterior lighting
- **HVAC** – installation, replacement, repair, and preventive maintenance
- **Flooring** – LVP, hardwood, tile, laminate, and commercial roll-outs
- **Interior Finishes & Basement Build-Outs** – offices, training and guest space, recreation areas
- **Facility Improvement & Repair** – occupied-space work, phased schedules, safety and regulatory compliance

DIFFERENTIATORS

- Woman-Owned and Minority-Owned Small Business — supports agency small business goals
- Single accountable contractor across trades: fewer subs to manage, one point of contact
- Principal-led oversight on every project with direct owner access
- Documented safety compliance and clean, secure job sites in occupied facilities
- Responsive local presence in the National Capital Region for fast mobilization

PAST PERFORMANCE & EXPERIENCE

Delivered new construction, interior renovation, commercial build-out, flooring, basement conversion, electrical, and HVAC projects for commercial, property management, multi-family, and residential clients throughout the Virginia / Maryland / D.C. region. Project references and photo documentation available upon request.
